Summary

Results-driven software developer with over 6+ years of experience in web development, specializing in full-stack and backend technologies. Demonstrated expertise in developing and implementing scalable, high-performance backend systems across multiple platforms. Known for delivering resilient solutions and actively seeking opportunities to tackle new and complex challenges in software development.

Professional Experience

WizardTales GmbH | Senior Software Developer

November 2022 – Current

URL: <https://software.opencode.de/>

Location: Bangalore(remote)

Developed a web-based security dashboard utilizing GitLab API to display project details, CVE vulnerabilities, and OSS compliance. Implemented CVE score calculations to prioritize security risks. This tool enhanced project transparency and streamlined security management for **WizardTales GmbH's**.

WebManufact Pvt Ltd | MERN – Full Stack Developer

March 2021 – November 2022

URL: <https://mypackageforwarder.com>,

<https://gateway.mypackageforwarder.com>,

<https://www.vapa.ai/en/home>

Location: Bangalore

- Engineered a comprehensive logistics platform for Webmanufact's My Package Forwarding service, integrating ShipStation API for global package delivery from the US. Implemented Shippo API for precise point-to-point shipping calculations. Developed a user-friendly dashboard displaying real-time shipping data and integrated Stripe payment API for seamless transaction processing.
- Client's Project - Developed a web-based dashboard for Vapa GmbH's Amazon Ads product, integrating Amazon Ads API to fetch high-volume client data. Implemented data pipeline to AI component for campaign optimization. Created intuitive UI for displaying automated campaign results and managing billing processes. This system streamlined ad management and improved client ROI.

Dexler Information Solutions Gyanamite | MERN Stack Developer

April 2020 – March 2021

Location: Bangalore

Launched a multilingual Learning Management System(LMS) for Gyanamite , a B2B subsidiary of Dexler Information Solutions, which provided live and recorded courses to over 27 educational institutions across South India, enhancing regional language instruction.
